

Dear Secretary & Match Secretary

We have now started the various rounds of the Championships and I have been looking at how well the system has worked. Before commencing we had numerous problems with Clubs cancelling matches, greens being withdrawn, and even a Club wanting to change its mind. I have to say these alterations have all been valid and as a result of the current virus situation. It has therefore not been easy reorganising scheduled games on different greens and all credit to Fraser for keeping a steady head.

The website has been used as the basis for all the updates and in the main, whilst not perfect, it has worked well. However, we have had two instances of teams arriving at the wrong green. It is very unfortunate this happened as we have tried to provide competitive bowling for our member Clubs.

The PBA will continue to provide updates on the website after each round, and for all those looking at the website you will see a blue update for each of the competitions running. If there is an issue on the day of the match then we will do our very best to ensure someone makes contact with your Club by phone.

Finally, I would ask you to remind your teams to check the website before they travel so that they enjoy their game without further issue. (click the red **HERE**) at:

<http://www.perthshirebowlingassociation.co.uk/pba-championship-competitions-2/>

I am sending this to both Club Secretary and Match Secretary in the interests of as wide a communication as possible.

Kind regards

Ray
